NEW DEPARTMENT

Secretary of Commerce and Labor Takes Charge of Branches of Other Departments.

INTERESTING EXERCISES HELD.

The Transfers Make the Personnel Consist of 1,289 Person in Washington and 8,836 in Country.

Total Appropriations For the Coming Fiscal Year Is \$9,796,847—No Other Department of the Government Has a Wider Field.

Washington, July 2.—Interesting exercises were held Wednesday over the transfer of several branches of other departments to the department of commerce and labor. Many prominent officials were present.

Rev. Franklin Noble, an old friend and former pastor of Secretary Cortelyou began the exercises by reading a few passages from Scripture and delivering an invocation. Secretary Cortelyou in his address called attention to the fact that on February 16 the entire personnel of his department consisted of a single official, himself. Wednesday, by the transfer made, the department's personnel consisted of 1,289 persons in Washington and 8,836 in the country at large with total appropriations for the coming fiscal year of \$9,796,847. He recalled the fact that in 1788 Commodore John Paul Jones, writing to the Marquis of Lafayette concerning the federal constitution strongly advocated the creation of a ministry of commerce on the ground that commerce must be the great reliance of the country in the future.

"When the commission on statistical work recently appointed makes its report, prompt attention will be given to the provisions of law relating to the proposed bureau of manufacturing, and as rapidly as may be consistent with business-like administration every other feature of the organic act will then be taken and acted upon.

"To-day the new system moves, and as it takes its place by the side of the other great executive establishments, it will catch the step and the swing of their onward movement in the nation's progress and prosperity.

"No other department has a wider field, if the just expectations of the closer relations with the people or greater opportunities for effective work. While we can not dedicate a new and imposing structure to the uses of this department, we can at least, and I am sure we all do, dedicate ourselves to the work which chief executives have recommended and congress in its wisdom has set apart to be done. In this spirit I have thought it altogether fitting and proper that we should have these brief exercises and that in them we should emphasize the fact that if we are to have the highest success as a nation in our commercial and industrial relations, whether among ourselves or with other peoples, we must keep ever to the front and dominant always those sturdy elements of character and the dependence upon divine guidance which were so signalized by the founders of the republic and to which we can not too often revert in these busy and prosperous times which make memorable and for the first opening years of the new century."

Director North, of the census bureau, on behalf of the bureau chiefs, responded, pledging the hearty support of his associates and expressing the opinion that Secretary Cortelyou had before him perhaps the greatest opportunity that ever fell to the lot of a cabinet officer in time of peace. Secretary Moody said a few words on behalf of the cabinet. A telegram from the president was read as follows:

"Hearty congratulations to you and the new department which starts in full operation to-day."

Dr. Stafford closed the exercises with prayer and a benediction.

JURISDICTION CHANGED.

The New Department Assumes Authority of the Emigrants.

New York, July 2.—When the flag was raised at sunrise Wednesday on Ellis Island the federal jurisdiction over the island passed from the treasury department to that of the new department of commerce and labor, with Secretary Cortelyou as its head. During the fiscal year 604,924 aliens arrived, against 479,791 for the preceding 12 months. Treasurer Lee officiated at 402 marriages of immigrant couples during the year.

Killed Wife, Fatally Wounded Himself. Hitchcock, Okla., July 2.—Given Aluya, an engineer, jealous of his young wife, shot and killed her and then shot himself, inflicting a fatal wound.

BATTLED WITH THE JAILER.

Attempt Made to Rescue Convict Murderer Thacker.

Flemingsburg, Ky., July 2.—Wednesday morning about 1 o'clock three mysterious men rode up to the jail here and under the guise of being officers with a prisoner aroused the jailer, John Morris. On opening the door the jailer was grabbed and a struggle ensued for a moment, when he succeeded in drawing his revolver and scattering the intruders, who drove rapidly away in a buggy. Parties living near the jail claim to have seen about 20 more men at the time congregated within calling distance. The mysterious party came from the direction of Lewis county, and their mission is supposed to have been to release one of the prisoners, Wm. Thacker, who has twice been convicted of killing John Gordon, and who is now awaiting a third trial granted him by the court of appeals.

Immediately after the trouble Tuesday night Thacker was found dressed by the jailer as though he had made preparations to leave, and it is supposed he knew of the attempted release which it is alleged was made. Thacker once before made an attempt to escape and has since been watched closely by Jailer Morris. As yet no clew has been found as to who the members of the mysterious party were, and the jail is now being more closely watched than ever before by the authorities.

BABY'S BODY IN A BOX.

It Was Sent From Cincinnati to Lexington Undertaker.

Lexington, Ky., July 2.—Well & Sons, undertakers of this city, received Monday night by Adams express a box containing the body of a 6-months-old child, which had been sent to them by William E. Steffe, who now resides at 441 Findlay street, Cincinnati, O.

Not a word of explanation came with the corpse, and the undertaker was about to turn it over to the city for interment in the potters' field, when that night he saw in a local paper a notice that Steffe had written his wife's parents, in this city, that their baby was dead, and that they had no money with which to bury it. He went at once to W. H. Smith, of this city, and found that the body was the corpse of his grandchild, and the latter paid the cost of burial.

THE BURNED PANTS FACTORY.

Four Witnesses Swore They Saw King Near It at the Time.

Owensboro, Ky., July 2.—S. Vance King, secretary and treasurer of the Owensboro Pants Manufacturing Co., was put on trial here on the charge of arson, for burning the pants factory on the night of April 18. Herman Sells, a former employee of the company, testified to seeing King in the factory just before the fire. Sells' wife, who was with him, swore that she also saw King and that King offered her \$500 to keep quiet. Ben White, who escorted Mrs. Sells to the factory to see King, and hid himself in a box, testified that he heard King make Mrs. Sells the offer. Mrs. Lulu Davis testified to seeing the fire when it started at the factory and immediately afterward saw King crossing the street from the factory.

WANTS DORA TO RETURN.

Gen. Clay Asks Former Child-Wife to Come Back to Him.

Lexington, Ky., July 2.—Gen. Cassius M. Clay, the venerable sage of White Hall, has written to his former child-wife, Dora Richardson Brock, whose husband was killed by a train in Illinois several days ago, asking her to come back and remain with him the rest of his life. Gen. Clay realized that he has only a short time to live and he has called continuously for his young wife, even since she got a divorce from him and married Brock.

THE LOUISVILLE STOCK YARDS.

Louisville, Ky., July 2.—Control of the Central stock yards was purchased Wednesday by Samuel W. Allerton, of Chicago. The consideration was not made public. The company is capitalized at \$300,000 and recently spent \$200,000 in improvements. Mr. Allerton will greatly enlarge the plant.

Postal Clerk Badly Hurt.

Covington, Ky., July 2.—Tolliver C. Sanford, 53, a postal clerk running between Cincinnati and Livingston on the L & N. railroad, was probably fatally injured in the company's yards at Central Covington. Sanford was engaged in sorting mail in his car when it collided with a freight train.

Washington, July 2.—Secretary Cortelyou announced the appointment of H. O. Weaver, of Ohio, to be his private secretary. Mr. Weaver is 40 years old and entered the government service in 1894 as a stenographer.

JEWISH PETITION.

It Will Be Sent to the Czar of Russia as Soon as the Document is Ready.

HE WILL REFUSE TO RECEIVE IT.

At the State Department and Russian Embassy the Situation is Considered Extremely Delicate.

Department Gives Out Statement in Regard to Matter After a Careful Consideration Both at Washington and Oyster Bay.

Washington, July 2.—The position of the administration regarding the proposed transmission of the petition of the Jewish citizens of the United States to the Russian government was made clear and positive by a statement authorized by the state department Wednesday night. This statement was inspired by newspaper publications saying of the Russian government in the event of the presentation of such a petition through the medium of the United States embassy at St. Petersburg would refuse to receive it, which had been brought to the attention of high officers of the government. It was given careful consideration both here and at Oyster Bay before a decision was reached to make any declaration regarding the matter. The statement is as follows:

"The delay in forwarding the petition of American citizens of the Jewish faith as to the ill treatment of their co-religionists in Russia was solely due to the delay in furnishing the address to the state department by the petitioners. The state department would of course pay no heed to any statement purporting to emanate from the Russian government unless such statement was made officially in some form or other to our own government. The state department has been specially careful to act only in accordance with all requirements of official propriety, but within the limits thus laid down it will most certainly not hesitate to give expression to the deep sympathy felt not only by the administration, but by all the American people for the unfortunate Jews who have been the victims in the recent appalling massacres and outrages. In this connection it was pointed out by another official who disclaimed any purpose to speak in his official capacity, however, that it seemed somewhat strange, to say the least, that the Russian government should choose this particular method of making a statement to the American people at the very time when, by methods which are certainly the reverse of friendly to the United States, it has sought to make China join in in making the plighted faith of all the powers as to the open door in Manchuria, and has endeavored to bar our people from access to the Manchurian trade."

The above statement was shown to Count Cassini, the Russian ambassador, Wednesday night, but he declined to make any comment on it. Any reply to this statement must be made under direct instructions from St. Petersburg. It is realized, both at the state department and at the Russian embassy that the situation is extremely delicate.

Action by the United States government in transmitting the petition of citizens of this country of the Jewish and of other religious faiths, will not be affected by the inspired pronouncement of the Russian government given to the public Wednesday. It evidently is the intention of the administration to forward the petition to the Russian government as soon as it is in readiness. This was rendered certain by a statement made at Oyster Bay Wednesday night by authority of the president.

NEGRO LYNCHED BY A MOB.

Four Others in the Jail Were Beaten Into Insensibility.

Norway, S. C., July 2.—Charles Evans, colored, suspected of the murder of John L. Phillips, was taken from the jail here Tuesday night and lynched by a mob.

Four Negroes who were confined in the jail were also taken by the mob and beaten into insensibility.

Evans murdered John T. Phillips, a one-armed confederate soldier.

A Land Grant Sold.

Santa Fe, N. M., July 2.—A sale of the Armendaris land grant, comprising 495,000 acres in Socorro county, by the Chicago Cattle Co., to the Victorio Cattle Co., of Grant and Luna counties, is announced.

Unseasonable frosts in Mexico. Mexico City, July 2.—The unseasonable frosts near Lake Chalco, Valley of Mexico, have destroyed crops to the value of a million dollars. Frosts at this season are unprecedented.

SUNDAY SCHOOL PIC-NIC.

Details For Owing at Parks Hill to be Arranged This Evening—Opportunity to Show Your Generosity.

The following gentlemen and any others who may be interested in the union Sunday school pic-nic which is to be held at Parks Hill Wednesday, July 8th, are requested to meet at the office of John Duley, 215 Court street, at 4:30 o'clock this Thursday afternoon: Messrs. James Childs, L. N. Lane, George Hardin, J. T. Kackley, Dr. P. G. Smoot, E. Swift, W. W. Ball, H. C. Curran, J. B. Noyes, Robt. A. Cochran, Judge A. M. Cochran, L. Stickley and M. F. Marsh. It is intended at this meeting to decide upon all the details of the trip to Parks Hill.

Let it be fully understood that the regularly enrolled officers, teachers and scholars of the schools participating in this picnic are to be accommodated, but no persons on the outside are entitled to any consideration. In case there is room for others they can secure tickets for the round trip at 50 cents each. Tickets will be distributed to the Superintendents of the different schools and each Superintendent will be expected to look after the comfort and welfare of his particular school. Dinner will be furnished by those who participate in the pic-nic.

Remember it is now understood that the train will leave Maysville at 8 o'clock on the morning of the 8th and arrive at Parks Hill at 9 o'clock. Returning, leave Parks Hill at 5 p. m. and arrive at Maysville at 6 p. m. No stops are to be made from Maysville to Parks Hill.

Whether you are a Sunday school scholar or not this will enable you to manifest an interest in a great many children who otherwise are confined to the narrow limits of Maysville, and furnish them an outing that will long be remembered. It is the object of all the Superintendents of these schools to pay especial attention to the poor children who are enrolled as scholars in their respective schools. Should you be called upon for a contribution to assist in paying the expenses of this trip, do not feel that you are contributing for the purpose of paying the expenses of some child who has parents who are amply able to provide for the trip, but that you are contributing to a "fresh air fund" for the benefit of the many poor children who we hope will be greatly benefited by this day's outing.

MADE OF RICE STRAW.

A New Industry About to be Established By Japanese in the Southern States.

According to Col. S. F. Morse, General Traffic Manager of the Southern Pacific railroad, the Japanese colony at Port Lavaca will establish a plant for the manufacture of matting and hats from rice straw, says the New Orleans Times-Democrat. The Japanese are the pioneer rice growers of the world, and cultivate the staple on a more scientific basis than the American farmer. In Japan every product of the rice crop is utilized to some purpose, while in the United States the planter relies entirely upon the rice proper for his home.

"The Japanese of Port Lavaca," said Col. Morse, "will soon begin the manufacture of Japanese matting and the finest of hats from rice straw, and it is only a question of time till our own rice planters in Texas and Louisiana will take up this industry, thus making the South the center of supply for matting and straw hats of the finest texture and manufacture. The best mattings in the world are made in Japan, while the high grades of the rice straw are known the world over. There are several kinds of grass growing along the gulf, so the Japanese tell me, that can be utilized for making matting of a good grade. They tell me it is identical with that used in Japan for this purpose, and there is no reason why this should not become a paying industry in Louisiana and Texas."

The Tenth Kentucky Cavalry and Sixteenth Kentucky Infantry will reunite Wednesday, September 23rd, at Mayville.

Editor Thomas A. Davis is confined to his home, the result of a surgical operation performed Tuesday morning by a specialist in Cincinnati. He hopes to be able to be out again in a few days.

THE MINE ON FIRE.

The Workings Below the Seventeenth Level at Hanna, Wyo., a Mass of Flames.

THE RESCUERS ARE BADLY BALKED

There is Now Great Danger of Another Explosion Endangering the Lives of the Searchers.

The Situation is Decidedly Grave and the Citizens Are Becoming Alarmed For the Safety of the Men Working Below.

Hanna, Wyo., July 2.—Information was received Wednesday night from an experienced miner, who penetrated the mine to the 16th level, that the workings below the 17th level are a mass of flames and where a few hours ago it was believed that rescuers would reach the bodies of the entombed men not later than Thursday noon. The efforts of those working below the surface are now confined to the work of walling up the entries and the slope and putting up fire-proof barriers which will prevent the flames from reaching the 17th and other levels above. This is taken as an indication that the rescuers realize the fruitlessness of further attempts to rescue the entombed miners below the 17th level.

Added to the horror of the fire, which will doubtless destroy the underground workings, is the danger of another explosion, which may occur at any time. The situation is decidedly grave and the citizens are becoming alarmed of the safety of those who are working below the surface and also those engaged in hauling away the debris from the mouth of the slope. If the entries in which the fire is burning can be successfully walled and the fire confined to a few entries there will be little to fear, but there is great danger of the flames breaking through into the entries from which the rescuers are moving rocks and debris in an effort to reach the two score or more bodies known to be in No. 17 entry. Here the gas accumulated in such large quantities that the rescuers can not remain long at a time and this and the gas if once ignited will cause the second catastrophe.

Fire fighters and volunteers are arriving on every train. The force is well organized and the work is progressing as fast as possible.

BIG BLAZE AT GREENVILLE, N. C.

Property to the Amount of About \$200,000 Destroyed.

Raleigh, N. C., July 2.—Greenville, N. C., is on fire. The flames started after midnight and was not gotten under control until after 2 o'clock. It is believed that the losses are already about \$200,000. The fire started in a small restaurant and the buildings already consumed are the Market house, the Farmers' warehouse, the Gorman & Wright tobacco factory, the Jordan tobacco factory, the residences of Mrs. Nellie Harris, Zeno Moore, H. T. King and several smaller buildings. The heat was so intense that the fire department could not cope with the flames. There is no adequate system of water works. The Christian church and King's Hotel were threatened with destruction.

THE BULLETIN heartily endorses these timely utterances from the Courier-Journal:

It is easy to see where the Republicans are driving. Staggering beneath the load of the Goebel murder, and their failure to repudiate it, or to assist in the pursuit of the murderers, they hope to find an offset in the Breathitt business. They should not be allowed to do this. There is, there can be, no politics in assassinations. Just as the Republicans should have promptly discontaminated themselves from the Taylor crowd, should the Democrats discontaminate themselves from the Hargis crowd, requiring in both cases clear proof of "not guilty" to preclude rehabilitation.

Taylor, with the suspicions clinging to him, could not have challenged the justice of this, and, in the exact line of his innocence, would have accepted it. So the clan Hargis, in Breathitt, now that the boot is on the other leg, if it is innocent, it will stand aside; if guilty, it will stand and fight. Meanwhile planting ourselves upon a former dictum, "no compromise with dishonor," we say earnestly to Gov. Beckham, and his colleagues no compromise with murder or the friends of murder. The good name and fame of Kentucky, held by the Republicans under the rule of Bradley and Taylor, were dragged through national odium. The custody of that name and fame is now with us. Let the difference be clearly marked. Let it be shown that, whereas with respect to the murdered Goebel the Republican party shut up, like a clam, where it did not espouse the cause of the suspects, with respect to the murdered Marcum the Democratic party will not abate one iota of its duty until the law is vindicated and the assassins are brought to the gallows.

A TAX DODGER,

Will Have to Plank Down After Nineteen Years' Litigation.

LOUISVILLE, Ky., June 30.—After nineteen years' litigation with the city, Col. Robert W. Woolley will be compelled to pay his taxes amounting to \$37,780.

City Attorney Stone to-day gave an order to the Commissioner of the Circuit Court to sell not later than July 20th, all of Col. Woolley's property to satisfy a judgment which was obtained against Col. Woolley's estate two years ago.

Col. Woolley gave almost every excuse imaginable for not paying, alleging that the city was not properly incorporated; that the Assessor had not made the levy according to law; that the General Council had acted improperly in making the levy, &c.

Although Col. Woolley's property is mortgaged, the city will come in for its tax bills ahead of all other claims.

Among the property to be sold is the historic old residence, 227 East Jefferson street, between Brook and Floyd. This old house was before the Civil war regarded as the finest residence in Louisville.

Hon. A. E. Cole, whose critical illness has been mentioned, died at 7:50 o'clock this morning at his home, northeast corner of Fourth and Limestone streets, of valvular disease of the heart. He had been in failing health for two years, and had been confined to his home for some time.

Judge Cole was in the sixty-fifth year of his age. He was born at West Union, Adams County, O., in 1839, but had resided in Kentucky since early childhood.

He taught school a number of years and afterward took up law, reading in the office of Judge R. H. Stanton until admitted to the bar in 1864.

The following year he located at Flemingsburg, and subsequently served Fleming County as County Attorney eight years, was then Commonwealth's Attorney six years and Circuit Judge twelve years.

He came to Maysville in 1886, and spent the rest of his life in this city. Since his retirement from the bench he had practiced law, having his two sons as partners.

Judge Cole was married twice. His first wife, who died nine years ago, was Abbie T. Throop. His last wife was Mrs. Belle R. Newman, of Sonora, Ky. She survives him, and he leaves three sons, all by his first wife,—Ailan D. and Wadeworth, of this city, and William T., of Greenup.

The funeral services will be held at the First M. E. Church, South, of which deceased had long been a faithful member, Friday at 2 p. m. The services will be under the auspices of DeKalb Lodge No. 12, I. O. O. F., the religious ceremonies being conducted by Rev. Dr. C. F. Evans, assisted by Rev. J. M. Evans. Look out for urinary trouble-diabetes.
This Maysville citizen will show you how to go to the rescue.

Edward Oliver, of 108 West Fourth street, says: "It did not require an entire box of Doan's Kidney Pills to entirely end backache which had troubled me for a considerable length of time. I procured the remedy at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and my advice to anyone in need of a kidney cure is to try Doan's Kidney Pills and they will not be disappointed at the results obtained."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

MRS. MARY DUKE SCOTT.

Tribute to a Native of Mason, a Noble Christian Woman, Who Passed Away This Week in Missouri.

Mrs. Mary Duke Scott, a native and long a resident of Mason County, whose death Sunday morning at her home in Breckinridge, Mo., has been mentioned, was about sixty-six years of age. Mrs. Scott had an extensive relationship throughout this county. She was a daughter of Dr. Basil Duke, a successful and well known physician of Mayfield in the years gone; and was the wife of Mr. Samuel Scott, who some years since preceded her to the grave at their Missouri home. Mr. Scott was a finished scholar and educator, and was a son of Walter Scott, a distinguished preacher of the Christian Church—also an able and voluminous writer in advocacy of its tenets and doctrines in the early period of the church.

Mrs. Scott was also a granddaughter—on the maternal side—of Aaron Mitchell, a prominent citizen, an earnest Christian, who passed his long life of honored usefulness in Mason, the county of his birth.

In the death of Mrs. Scott a noble, Christian woman has entered into rest—a faithful member of the Christian Church from early life. A large family of children and grandchildren, three sisters and one brother mourn her death. In receiving the sad intelligence her many friends and relatives experienced a feeling of profound sorrow and regret.

PROF. HAYES THOMAS.

Community Shocked by the Sudden Death of the Principal of District School No. 2 This Morning.

Prof. Hayes Thomas, Principal of District School No. 2, died very suddenly at 5 o'clock this morning at the family residence, corner of Bridge and Lindsay streets.

While Prof. Thomas had been complaining the last two or three days, his trouble was not regarded as at all serious. He was able to go about, and remained on the veranda at his home until 9 o'clock last night to get the cool evening breeze. He was somewhat restless during the night and at 4 o'clock this morning went down stairs to get a glass of soda water. Mrs. Thomas was aroused and wanted to get the soda for him but he told her he was not so sick as that, and could get it himself.

She then returned to her room. About 5 o'clock she was again aroused by her husband's loud breathing, and hastily going to his couch found him unconscious. She awakened their little daughter and sent her to one of the neighbor's to summon a physician, but the stricken man breathed his last before the doctor arrived. His death is attributed to heart disease, complicated with acute indigestion.

Mr. Thomas was born in Brown County, Ohio, and was fifty-one years of age. His father died when he was nineteen years of age, and his mother, Mrs. Suzannah Thomas, passed away during the last year.

In early manhood he studied law and was admitted to the bar, but in order to support his widowed mother, gave up his chosen profession and resumed that of teaching. He had taught in the schools of the county and city for many years, having been Principal of District School No. 2 the last eight or ten years. He was one of the city's most faithful and most successful instructors, and was a man who commanded the respect and confidence of all who knew him. His sudden death was a great shock to his loved ones and many friends.

His wife, who was Miss Mollie Cummings, survives him, with one daughter. He leaves one sister, Mrs. Lydia McDaniel, who resides in Brown County.

Mr. Thomas had been a director of the local Y. M. C. A. for several years and was also a zealous member of the First M. E. Church, South, and of Maysville Lodge No. 52, F. and A. M. He will be buried with the honors of that order.

The funeral arrangements have not been announced.

ALL KINDS OF FIRE

With a good Gas Range you can cook your soup over a slow fire, which it needs, and your roast over a quick fire, and both at the same time. How can you do this another way than with a GAS RANGE?

Gas Ranges At Factory Cost Price!

Never was such another opportunity afforded you to obtain so much value for the same money. During the month of June the Gas Company will, if so desired, make a written agreement with any purchaser of a Gas Range to the effect, that, if on the first day of August, said purchaser shall have become dissatisfied with the use of their Range, either for the reason that it will not do the work as represented, or that it costs too much to operate, then the Gas Company will take back the stove and refund any money paid upon its purchase price. The only thing to prevent you taking advantage of this offer is that the Ranges are sold quicker than they can be connected up, so if you are thinking of buying one, now is the time to decide. Over twenty installed during May and not a single complaint. For further particulars see the Gas Company and sample Ranges at Langfels & Co.'s.
